

Name: Giselle Lockett

Role: Chair

I was delighted to take on the role of Chair in April 2022. After a long career including the Armed Forces, national leadership roles, and as Fellow of the Chartered Institute of Personnel and Development I feel I have lots of experience and knowledge to support the Charity in delivering its aims. I am a qualified Equine Facilitated Learning Practitioner and a Master Practitioner in Neuro Linguistic Programming. I am passionate about developing people to achieve and reach their goals.

I have owned horses and ponies for most of my life and ride and drive. My driving experience is with singles and pairs including BDS show classes, indoor and outdoor driving trials. I am also an RDA carriage driving coach (and group organiser) with the Cavalier Centre in Much Wenlock. My passion and goal, is to make our wonderful sport accessible and attainable to drivers with disabilities and to build a solid and progressive infrastructure to support for our drivers from beginner to GB para drivers.
