

STRATEGIC AIMS

ACHIEVED BY

Promote carriage driving for disabled drivers

Provide and disseminate information

Encourage the provision of appropriate training

Give disabled drivers opportunities to achieve their potential

Be a voice for carriage drivers with disabilities

With other bodies/organisations encourage and make provision for drivers with disabilities

Provide a structure for the selection and training of members who aim to compete at national/international level

Seek/raise funding to achieve strategic aims

Support and promote the integration of disabled drivers into mainstream competition

- ✓ Developing excellent working relationships and collaboration with carriage driving/equestrian organisations eg British Carriage Driving (and affiliated clubs); RDA; British Equestrian; Para Equestrian Federation (and associated organisations)
- ✓ Developing excellent working relationships with non equestrian organisations but those who can support CDSG in delivering its strategic aims and carriage driving pathway
- ✓ Developing, promoting and delivering a CDSG driving pathway underpinned with relevant information and activities
- ✓ Developing and maintaining a user friendly and up to date web site and FB community
- ✓ Engaging with other organisations' events to promote, educate and support accessibility to carriage driving and progression of drivers
- ✓ Identifying training interventions to underpin CDSG driving pathway and delivering them through a variety of approaches eg physical; on line; group; 1:1; clinics; master classes
- ✓ Developing a membership offer to suit different needs from individual drivers to corporate members (and where possible sponsorship)
- ✓ Identifying and applying for funding from different sources to support strategic aims and members
- ✓ Establishing an effective feedback mechanism to help CDSG remain current/relevant
- ✓ Ensuring the Committee/Trustee structure has the right skills, knowledge and representation to support the CDSG aims and goals
- ✓ Championing ways to make carriage accessible at all competitive levels
- ✓ Championing national/international changes necessary to make competitive carriage driving a more inclusive/accessible equestrian sport
- ✓ Collaboratively working with others provide the support structure to enable disabled drivers to compete at different levels (eg guidance on compensating aids; rules in line with BC; adaptations etc)
- ✓ Constructively challenging myths and perceptions which hinder accessibility to carriage driving
- ✓ Identifying drivers with potential to take up and develop their driving as per the carriage driving pathway
